

Dr. Katja Görtz – teacher, Practical veterinary medicine, chiropractic, acupuncture, kinesiology

Katja Görtz studied veterinary medicine at the University of Veterinary Medicine in Hanover. After completing her studies in 1999, she worked for a number of years in industry. She also underwent training in veterinary chiropractic at the Backbone Academy and in veterinary acupuncture at the GerVAS in 2009. Alongside her work in the practice, she works as an instructor for the Backbone Academy and also successfully completed her training as a WINGS kinesiologist for animals (WINGS®Tierkinesiologin) in 2010.

Katja is a fan of versatility in horses. She owns a twenty-year-old Zweibrücker mare that is successful in all disciplines up to Class L.
