

Dr. Viviane E.F.J. Miellet – DVM, CVA (Ivas), teaching assistant

Dr. Viviane Miellet graduated from the University of Utrecht (the Netherlands) School of Veterinary Medicine in 2002.

While working in a small animal practice she started in 2009 to follow several manual therapy courses for humans and animals.

Since 2014 she has her own integrative veterinary medicine practice in Schoorl (NL) where she uses, in addition to acupuncture, Animal Normalization Therapy, a technique developed by Patricia Kortekaas, a PT from Oregon, USA. Viviane completed the International Veterinary Acupuncture Society basic acupuncture course in 2014 and was certified by IVAS in 2015.
